Dear [REDACTED]

This is with regards to the date of the signing ceremony and the announcement to be made thereafter. We had discussed in the previous call that the ceremony will be on the 19th.

Instead, we would request you to kindly set it up for pre-lunch on the 18th morning (around noon). This was discussed internally, and we believe that the timing might be ideal for us to propagate the message in India right before the start of the conference on the 19th.

Our Chairman Mr. Gautam Adani and Adani Foundation Chairperson Dr. Priti Adani will be present at the ceremony. Also, [REDACTED] will accompany them. Considering potential restrictions related to entry into the museum due to the conference, we might need to make appropriate arrangements for [REDACTED]
[REDACTED]

Please let us know how to work this out. If required, we can get on a call to discuss details.

Regards,
[REDACTED]

Dear [REDACTED]

Following our call on Tuesday, I am happy to share feedback on the outstanding clauses within the attached agreement (v4).

As you will see, we have accepted the latest round of agreed track changes that we discussed, so the comments remaining in the current agreement (v4) are just the ones left to be resolved. The previous version of the agreement has been attached for reference.

Our legal and finance teams have added their responses to the questions raised and we look forward to hearing your thoughts. We will also await further information from you regarding Clause 4 and the examples of the additional documentation that may be required including:

- Tax Residency Certificate (TRC)
- Form 10F
- No PE Declaration
- PAN in India, if obtained

As mentioned, [REDACTED]. In my absence, our [REDACTED], in copy, will help take this forward so that we can finalise the agreement as soon as possible.

Many thanks,

Dear [REDACTED]

We discussed with our communications team at Australia and they have shared a fact-sheet that covers majority of the topics around which queries might be directed to us in coming weeks.

While this might not be exhaustive, it should give some background about our Australian operations - the company is being referred to as Bravus Mining now. In case required, we are happy to arrange discussions with our head of communications for any clarifications. If not now, we could possibly have a joint call closer to the launch event to have better coordination.

Hope this is useful, please feel free to suggest any further action points on this.

Hi all,

I've saved images from this morning's signing together with images of the museum and the two objects mentioned in the press release here <https://we.tl/t-PtK6HKIkzQ>

We've shortened the file names for the signing images, otherwise they would be too long to send. I hope that's ok.

All the best,

Dear [REDACTED]

We've spoken internally and unfortunately an announcement on the 18th will not be possible.

As you know, the Museum is doing everything it can to try and facilitate a prestigious moment for this announcement with VVIPs, and this would not be feasible the day before the conference. Making the announcement during such a significant event will also add weight to our announcement, therefore we would like to proceed with the 19th as discussed earlier this week.

Many thanks,

Dear [REDACTED]

Hope you are doing well.

Apologies for the delay in getting back to you. We got response from our legal team on the shared draft of the legal agreement. While most of the clauses are aligned to our earlier discussions, there are a few points that our legal team has raised for clarification and possible consideration.

The draft shared by the legal team with comments is attached below. Request you to kindly share some slots in this week or the coming week for us to discuss these in greater detail.

Regards,

Dear [REDACTED] and [REDACTED]

Please find attached a draft contract for your review, which encompasses and expands on the terms agreed in the MOU.

As you will see, Schedule 1 also details the sponsorship benefits put forward in return for your support of this project. I know we haven't discussed these in detail to date, so I would be very happy to arrange a call to discuss this if you have any initial queries or wish to know more about these benefits and how they will be delivered.

If you have any questions about the broader agreement, we are also be happy to discuss any time and look forward to your feedback.

I hope you both have a great weekend and we look forward to catching up next week.

We can share some of our feedback in advance from the final points you have raised in the agreement. I will try and get these over to you today.

Similarly, in the last contract draft you sent, there were no further updates to the comments we had emailed back previously, so it would be helpful if you can let me know by tomorrow which of these points are now agreeable or if any need further discussion so we can equally be prepared.

Would you be able to send your comments back to me by 12pm GMT tomorrow?

Thank you again for sending some additional comments through on the contract. My legal team is reviewing this as we speak.

I noticed that some of our comments previously shared have no response. May I confirm that the clauses which have no further comment from Adani Green are now agreed as acceptable? Or do these still need to individually be discussed when we speak?

I look forward to receiving the information on the tax implications when we speak. As such, I will ask a member of my finance and legal team to join our next call so that we can hopefully resolve any outstanding points to move towards signature.

Are you available for a call on Wednesday 6th October at either:

Hi [REDACTED]

Apologies for the delay in response. Over the past two weeks we had internal deliberations on the comments that we received on the draft and also around tax implications on the transaction.

We now have clarity on both. While we discussed few points raised by our legal team in the previous call, some minor points raised by them were left out which have now been shared in written by them.

I am attached the latest version for your reference. Request you to kindly discuss it with you legal team for inputs. We can get on a call early next week to finalise and sign the agreement.

Dear [REDACTED]

Following our call on Tuesday, I am happy to share feedback on the outstanding clauses within the attached agreement (v4).

As you will see, we have accepted the latest round of agreed track changes that we discussed, so the comments remaining in the current agreement (v4) are just the ones left to be resolved. The previous version of the agreement has been attached for reference.

Our legal and finance teams have added their responses to the questions raised and we look forward to hearing your thoughts. We will also await further information from you regarding Clause 4 and the examples of the additional documentation that may be required including:

- Tax Residency Certificate (TRC)
- Form 10F
- No PE Declaration
- PAN in India, if obtained

As mentioned, [REDACTED]. In my absence, our [REDACTED], in copy, will help take this forward so that we can finalise the agreement as soon as possible.

Dear [REDACTED]

Of course. The link has been re-shared with [REDACTED] for signature.

If it is not coming through, I have also attached the version of the document signed by Sir Ian. If you would like to print this, execute a hardcopy and send a PDF back as suggested, that would be wonderful.

Many thanks,

Dear [REDACTED]

Thank you for sharing your feedback on the MoU, the comments were all very clear. We've had a chance to review and I am happy to attach a revised copy with a few final suggestions.

To confirm, we have:

- Accepted most of the changes
- Added in the deliverables paper as an appendix, and referenced this in the main agreement under **1.a.**
- Added reference to additional digital outputs in **2.e.**

You will see that we have agreed to producing a virtual gallery experience, however after conversations with our [REDACTED] we wondered if it would be possible to not specifically

commit to VR/AR technologies at this stage? Our rationale for this is that there might be a new technology we want to explore together, or multiple digital outputs that generate the desired output – for example, having a set of real-time guided tours of the gallery online. Equally, we could find it beneficial to explore a partnership with an organisation [REDACTED]. So if agreeable, we would like to keep the format of the virtual gallery experience, plus the associated budget, under discussion.

Our legal team has two final suggestions in response to the amendments in the last draft:

- **6.c.** Minor edits. [REDACTED]
- **Section 9.** [REDACTED]

Very happy to discuss or provide further clarification at your convenience.

Many thanks,

Dear [REDACTED]

Hope you are doing well.

Our legal team vetted the MoU and made minor edits (attached). In addition to these changes, as previously mentioned by [REDACTED] we suggest the following are added to the MoU:

- Referencing the detailed scope of services in the main MOU document

- As a part of the outcome, an AR/VR model of the Gallery could be included as an output that could be used to share the experience with prospective visitors

We would be happy to provide any required clarifications on the changes.

Dear [REDACTED]

Thank you very much for this update. I'm pleased to hear the documents have been well received and I will happily be on hand next week to work with [REDACTED] on the MOU and any questions regarding the legalities.

Your idea for an AR/VR model of the gallery sounds very exciting. We'll raise this with our [REDACTED], who we look forward to introducing you to in due course. The Science Museum Group's digital team are currently reviewing the next phase of our digital strategy, so this is a timely moment to explore such outputs.

I hope you enjoy the sunshine in the meantime. Spring is attempting to arrive here in London which is such a joy after the longer winter months.

Hi [REDACTED]

I am well....being in a bright and warm [REDACTED]
[REDACTED]

We are almost done with the MOU. There may be a couple of asks as the legal guys take a quick look at the language. I should be able to turn it around by Tuesday and I do not foresee any major edits at this time. One thing we would like to add to the deliverables would be an AR/VR model of the Gallery as an output that could be then be used on the multiple platforms that will have been mainstreamed in the next 3-4 years.

Also, thank you for the deliverables document that we had asked for. Looks great and we can add as an appendix to the MoU.

[REDACTED] will get the MOU across to you early next week.

4. a list of email contacts for the Indian media (*Media Contacts 14Oct2021*).

As for the queries in your email, here are our replies:

- What is the figure for Adani Green's renewable energy on the grid right now?

We are internally collating this information and will share it with you as soon as we have it.

- Whose contact details at Adani Green should we give for any media queries?

Subject: Partnership press release

***CAUTION:** This mail has originated from outside Adani. Please exercise caution with links and attachments.*

Dear [REDACTED] and [REDACTED]

As we continue to plan for a partnership announcement following the finalization of the contract, our Communications Team is preparing an initial press release for you review.

I hope to be able to share this with you next week, but wondered if I could ask you to provide me with a company boiler plate specifically on Adani Green Energy Limited in the meantime?

This boiler plate will appear at the end of the press release in the 'notes to editors' section. We usually request about 175 words, and this could be a great opportunity to highlight your work in renewables and some of Adani Green's recent acquisitions like the exciting news about SB Energy India.

If you could share something in the coming days that would be great.

Do let me know if you have any questions.

Many thanks,

[REDACTED]

Hi [REDACTED]

We would like a minor change in Mr Adani's quote.

Old version:

'We are delighted to support the Energy Revolution gallery, which will explore how society can power the future through low carbon technologies,' said Mr Gautam Adani, Chairman of Adani Green Energy. 'The journey of Renewable Energy to get to this point has been remarkable and the transition to a low carbon world is finally within our reach. The power of the sun and the wind is manifested in our daily prayers and inspires all of us – and who better than the Science Museum team to depict this inspiration for the world.'

New version:

'We are delighted to support the Energy Revolution gallery, which will explore how society can power the future through low carbon technologies,' said Mr Gautam Adani, Chairman of Adani Green Energy. 'The Renewable Energy revolution to get to this point has been remarkable. The limitless power of the wind and sun is awe inspiring and our ability to harness that power is finally within reach. There is so much to learn from the history of this journey as the world writes a cleaner future and who better than the Science Museum team to depict this inspiration.'

My apologies for the last-minute change.

Thx... [REDACTED]

Hi [REDACTED]

Just a small correction:
Dr. Priti Adani
Chairperson, Adani Foundation

As for the two representatives, following details can be used:

Sponsor Details:

[REDACTED]
[REDACTED]
Adani Green Energy Limited
Adani Corporate House, Shantigram, Ahmedabad, Gujarat 382421
[REDACTED]@adani.com

Mandatory CC:

[REDACTED]
[REDACTED]
Adani Green Energy Limited
Adani Corporate House, Shantigram, Ahmedabad, Gujarat 382421
[REDACTED]@adani.com

Logo is attached for your reference. The black and white version is not readily available. I will try and get it first thing tomorrow.

Hi [REDACTED]

The below is agreeable.

I just have some small questions for the final contract details.

- Are you happy for us to list Mr and Mrs Adani as follows in the contract:
 - Mr Gautam Adani
Chairman of the Board of Adani Green Energy Limited
 - Dr Priti Adani
Chairwoman of Adani Foundation (*is this her formal job title?*)
- Can you also confirm the names and email addresses of the two representatives to receive notifications in the contract? You have shared their title and addresses below, but I also require their names and email details
- Can you share a copy of the Adani Green Energy logo in colour and a black and white version. A jpeg file is fine, it's just to capture in Schedule 3.

I should then have everything we need.

Many thanks,

Hi [REDACTED]

I've got some clarification on Chairman signing the contract. Chairman can sign the contract as Chairman of the Board of Adani Green Energy Limited.

Also, because Dr. Priti Adani will be present for the ceremony. We could potentially add her name as a witness in the contract.

With respect to two names that we need to have in the contract to receive notifications. The below mentioned details can be used:

Sponsor Details:

[REDACTED]
Adani Green Energy Limited

Adani Corporate House, Shantigram, Ahmedabad, Gujarat 382421

Mandatory CC:

[REDACTED]
Adani Green Energy Limited

Adani Corporate House, Shantigram, Ahmedabad, Gujarat 382421

Hope this can help in closure of the contract. Please let me know in case of any questions.

Hi [REDACTED]

Hi [REDACTED]

We checked with our tax department and they gave the following response:

In terms of Article 7 of India – UK Double Tax Avoidance Agreement ('DTAA'), the 'Sponsorship Fee' received by SCMG will not be subject to withholding taxes in India. However, interest payment, if any will be subject to withholding @ 17.6471% - if tax is to be borne by AGEL or @ 15% - if tax is to be borne by SCMG

They mentioned that you can share the invoice with gross amounts mentioned in the format normally used by SCMG in UK. India's local taxes will be calculated and deposited by our team with relevant documentation appended to your standard invoice.

Hope this clarifies the question. Please let me know in case you need any additional information.

Subject: RE: SCMG <> Adani Contract Discussion

Dear all

Attached is an updated version of the agreement for your review.

To confirm, we have accepted all track changes and comments that were agreed during the call, and added in additional language to the outstanding points discussed that I hope will provide further clarity or reassurance on these particular clauses, where possible.

If it would be helpful to discuss at any point this week, do let me know and I can arrange a call when convenient.

Finally, please do feel free to add in your changes to the contact details listed in clause 16.3, as well as Adani Green Energy Limited's logo for insertion in Schedule 3.

Many thanks,

[REDACTED]

Dear [REDACTED] and [REDACTED]

I hope you are both keeping well.

It is a bit week for us here at the Science Museum as our sites will re-open to the public on Wednesday 19 May following the latest government guidance. We can't wait to welcome visitors and be back in our galleries soon!

To mark our re-opening, we also announced our ambitious target for the Science Museum Group to achieve Net Zero by 2033, along with a new raft of sustainability initiatives. You can read more [below](#) and [here](#).

Ian and I would love to schedule and update call with you in the next few weeks to share a project update. I am also hoping to send you a first draft of our contract this week or early next, so we can answer any initial questions in regards to this on our call as well.

Would either of the following dates/times suit:

Wednesday 2 June, 09.00 – 11.30 BST / 13.30 – 16.00 IST

Wednesday 9 June, 11.00 – 12.00 BST / 15.30 – 16.30 IST

Many thanks,

Hi [REDACTED]

Thank you for your email.

We will be happy to make the edits to your Chairman's quote are very happy for Mr Adani to have sight of the release, however we may not be able to accommodate any other changes outside of your quote and company boiler plate as the remaining text is Science Museum content, therefore not subject to change.

Many thanks,

Hi [REDACTED]

Six points:

1. In Mr Adani's quote, we would like to change:
'inspires all Indians' to 'inspires all of us'.
2. In the General version of the press release, could we move up Mr Adani's quote?
Right now, it is buried at the end and likely will get trimmed by layout editors.

Ideally, it would appear right after this paragraph (as in the India version).

Energy Revolution is supported by Adani Green Energy, the world's top large-scale solar developer, as Title Funder. The gallery will draw on the Science Museum Group Collection and loans and deploy a range of interactive and digital storytelling techniques to reveal the latest science and explore energy revolutions of the past and future.

3. In the India version, we have a sub-heading like this:

The new gallery is titled 'Energy Revolution: The Adani Green Energy Gallery'
The free interactive gallery will open in 2023

Would it be possible to have something similar (that mentions Adani) in the General version too?

4. **If you are OK with these changes, we will send the amended version to Mr Adani, whose approval is mandatory in our process.**

[REDACTED] could we have a quick reply to this?

5. Would it be possible to get one or more topical photographs that a photo editor could associate with this announcement?

Also, will a photographer be covering the announcement / event?

6. The answer to the first query below is:

[REDACTED]

If you need to call me, I'm available at [REDACTED]
We can also quickly get together on Teams if that helps.

Thanks,

Dear [REDACTED]

Please find attached:

1. the original draft from your side (*Energy Revolution Gallery - draft press release*)
2. our revised version, with Mr Adani's quote, for General release (*Energy Revolution Gallery - Draft PR General 14Oct2021*),
3. a different version for only the Indian media (*Energy Revolution Gallery - Draft PR India Only 14Oct2021*), and
4. a list of email contacts for the Indian media (*Media Contacts 14Oct2021*).

As for the queries in your email, here are our replies:

- What is the figure for Adani Green's renewable energy on the grid right now?

We are internally collating this information and will share it with you as soon as we have it.

- Whose contact details at Adani Green should we give for any media queries?

[REDACTED] from Corporate Communications who is our first point of contact for media queries

[REDACTED]@adani.com

- Can you share a list of your key press contacts in Indian that you would like us to send the press release to? In addition to this, we understand you will discuss the press release directly with your contacts as well.

The list is attached.

We will also liaise directly with the Indian media to push the story *after you have put out the media release*.

Thanks,

Dear [REDACTED]

We just had a very productive call with [REDACTED] and [REDACTED] about the press announcement.

[REDACTED] and [REDACTED] will come back to us today/tomorrow with any revisions to your Chairman's quote and company boiler plate. I have re-attached the current version of the release.

[REDACTED], we have a few questions for you:

- What is the figure for Adani Green's renewable energy on the grid right now? (*This isn't necessarily for the press release but helpful for us to know*)
- Whose contact details at Adani Green should we give for any media queries?
- Can you share a list of your key press contacts in Indian that you would like us to send the press release to? In addition to this, we understand you will discuss the press release directly with your contacts as well.

To confirm, we will issue the press release before 1pm UK time on Tuesday 19th October.

We will also circulate a final copy of the press release to everyone once we have your comments and have also shared this with our Chairman.

Many thanks,

Dear [REDACTED] [REDACTED] and [REDACTED]

Following our call this morning, please find attached a draft copy of the gallery press release.

Thinking about our audiences and who this release will be aimed towards, we have made some suggestions in red for your consideration.

May I suggest that we organise a call on Thursday with yourselves and our Communications Team to review this? Would 3.30pm IST / 11am BST time work for you?

About Adani Green Energy Limited

Adani Green Energy Limited (AGEL), a part of India-based Adani Group, has one of the world's largest renewable portfolios, with locked-in growth of 19.8 GW across operational, under-construction, awarded and acquired assets, catering to investment-grade counterparties. The company develops, builds, owns, operates and maintains utility-scale grid-connected solar and wind farm projects. Key customers of AGEL include Solar Energy Corporation of India (SECI), National Thermal Power Corporation (NTPC) and various State Discoms. Listed in 2018, AGEL today is a USD 19 billion market cap company helping India meet its COP21 goals. Mercom Capital, the US-based think tank recently ranked Adani Group as the #1 global solar power generation asset owner.

Dear [REDACTED] and [REDACTED]

As we continue to plan for a partnership announcement following the finalization of the contract, our Communications Team is preparing an initial press release for you review.

I hope to be able to share this with you next week, but wondered if I could ask you to provide me with a company boiler plate specifically on Adani Green Energy Limited in the meantime?

This boiler plate will appear at the end of the press release in the 'notes to editors' section. We usually request about 175 words, and this could be a great opportunity to highlight your work in renewables and some of Adani Green's recent acquisitions like the exciting news about SB Energy India.

If you could share something in the coming days that would be great.

Do let me know if you have any questions.

Many thanks,
