The Science Museum Group

*Dear Sir Ian,*

Congratulations on the success of the first ever UK Global Investment Summit; with GBP 10bn committed at the summit, it is a testimony of UK being one of the most attractive investment destination for global investors.

It is deeply humbling and inspiring to be part of the Science Museum's journey towards igniting the Climate change revolution. As you have eloquently put it in your public statement, we are looking forward to The Adani Green Energy Gallery being a catalyst that will help curious minds to commit themselves to technology & innovation, to facilitate one of the greatest energy transition that the world needs to undertake in this century.

"Green is Good" – the phrase used by the British Prime Minister Boris Johnson during the plenary session is aligned to our Group's values of "Growth with Goodness", where we stay committed in balancing the economic growth agenda, with a sustainable and greener planet. The belief in free enterprise, free markets and innovation will pave the path for the world to realize the Net Zero 2050 targets.

Let me take this opportunity to extend a warm invitation to you and your team to visit us at Adani Corporate Headquarters in Ahmedabad, Gujarat during your next visit to India. It will be our honour to host you.

Regards,

Tomorrow is good since almost everyone will vanish by midweek (it's the Diwali break in India).

Let me have a time of your convenience and we will set up the call (or, alternatively, you can send the invites).

Good morning [REDACTED].

I hope you have been keeping well since we last spoke.

I wondered if you were both available for a quick call either tomorrow or Wednesday to run through a few next steps in regards to our partnership? We shouldn't need more than 15-20minutes.

Many thanks,

[REDACTED]
