

Issued	March 2017
Reporting Period	January – February 2017

## 1.0 King's College / UCL Progress Update

### 1.1 2016 – 2017 'roll-out' of science capital approach in the North

- Preparing the teachers mid-year PD workshop to take place in York, Saturday 11 March
- Aiming to collect additional data (interviews) with teachers for papers forthcoming describing sc building in the classroom / experience of students etc.
- Will be interviewing key STEM learning staff for forthcoming paper documenting the process of the roll out.

### 1.2 'Outputs' for key audiences

- Exploring possible formats for a teachers' "pack" (online, publication etc) that will outline the PD process, and provide lesson examples etc
- Exploring other dissemination materials to share findings
- Aiming to have these ready for the Teachers Conference, 12-13th October 2017

### 1.3 Adult Science capital survey

- Work continues in piloting the adult survey and in exploring a nation-wide representative sample

### 1.4 Dissemination

- LA and HK have led a number of presentations outlining SC and the work of ES. The full list of presentations will be prepared for the senior leaders meeting.
- Planning to write short summaries of all various papers to support dissemination of key findings.
